TIFFANY & CO., Union Square, New York, have the largest manufactory in the United States for the exclusive production of sterling Silverware, and keep an extensive stock of useful and ornamental articles, from which selections can be made. They also prepare original designs, on request, and patrons desiring their own silver wrought into forms, can be certain of having the same metal returned to them. The Standard Tiffany Watches have a high reputation, and are cased in every style from the simplest to the most costly. They are particularly recommended for traveling, sporting and scientific men.

TIFFANY & CO.'s importations and dealings in Diamonds and other precious stones are larger than any other house in America, and they are able to offer buyers very close prices.

Their House in Paris is at 57 Rue de Chateaudun.

Baptist churches, 25, pastors, 14; church edifices 14; membership, 1,100; value of property, \$86,000.

MINES AND MINING.

Production of Colorado Mines in 1877, Coin Value.

<i>Counties.</i>	<i>Gold.</i>	<i>Silver.</i>	<i>Lead.</i>	<i>Copper.</i>	<i>Total.</i>
Gilpin	\$1,963,485 07	\$161,255 38	\$1,000 00	\$82,296 64	\$2,208,037 09
Clear Creek . .	96,500 00	1,984,077 91	123,000 00	3,000 00	2,206,577 91
Park	108,000 00	606,959 32	10,000 00	8,500 00	733,459 32
Boulder	366,722 48	224,602 86	2,000 00	. . .	593,325 35
Lake	55,000 00	423,930 00	76,400 00	. . .	555,330 30
Custer	32,000 00	269,081 34	3,000 00	. . .	301,081 34
Summit	150,000 00	40,000 00	. . .	. . .	190,000 00
San Juan Country	105,000 00	237,472 52	35,000 00	. . .	377,472 52
All other sources	200,000 00	. . .	. . .	. . .	200,000 00
Totals, . . .	\$3,076,707 55	\$3,947,379 33	\$250,400 00	\$93,796 64	\$7,365,283 83

Add to the above, the Production of Coal Mines:

<i>Counties.</i>	<i>Tons.</i>	<i>Value, Marketed.</i>
Boulder	 55,000	\$225,000
Fremont	 40,000	220,000
Jefferson	 22,000	100,000
Weld	 40,000	220,000
Other sections	 15,000	65,000
Totals,	 172,000	\$830,000

This makes the total Gold, Silver, Lead, Copper and Coal Production of Colorado in 1877, \$8,195,283 83.

The production of all minerals except Coal, as compared with the two preceding years, shows a gain during 1877, as follows :

<i>Counties.</i>	<i>1875.</i>	<i>1876.</i>	<i>1877.</i>
Gilpin	\$1,527,260 13	\$2,105,544 78	\$2,208,037 09
Clear Creek	1,721,817 77	1,982,548 28	2,206,577 91
Park	719,359 30	550,044 84	733,459 32
Boulder	664,069 26	547,085 20	593,325 35
Summit	122,413 78	350,000 00	190,000 00
Custer, formerly in Fremont	296,103 88	251,121 06	301,081 34
Lake	104,258 62	90,900 00	555,330 30
The San Juan country	90,517 24	247,619 04	377,472 52
Other sources and shipments	198,076 20	50,000 00	200,000 00
Total	\$5,443,876 18	\$6,191,907 82	\$7,365,283 83

The statement of Gold and Silver production for 1877, by counties, more in detail, is as follows :

BOULDER COUNTY.

Gold (principally from Sunshine district)	\$366,722 48
Silver (principally from Caribou district)	221,602 86
Lead	5,000 00
Total	\$593,325 35

This came through the following reduction establishments, or from the following sources :

	<i>Tons Ore.</i>	<i>Coin Value.</i>
Boston and Colorado Works treated at Black Hawk	2,000	\$248,325 35
New Jersey Mill, Caribou, silver bullion	500	60,000 00
West Denver Works	75	5,000 00
Golden Smelting Works	240	20,000 00
Boyd's Smelting Works at Boulder (estimated)	2,000	200,000 00
Gulch and Stamp Mill Gold and other shipments	1,500	60,000 00
Total	6,315	\$593,325 35

The principal Silver producers were the Caribou, No Name and Native Silver Mines.

The principal Gold producers were the American, Smuggler and Keystone lodes.

CLEAR CREEK COUNTY.

The yield of Clear Creek County came from the following sources :

	<i>Tons Ore.</i>	<i>Coin Value.</i>
Silver Bullion from Georgetown Mills	3,200	\$ 388,189 74
Gold from creeks and mills	3,200	70,000 00
Ore, mostly Silver-bearing, sent to the Colorado Works	5,921	822,645 93
Silver ore shipped East	3,982	925,742 24
Total	16,303	\$2,206,577 91

CUSTER COUNTY.

The mines at Rosita have not produced as largely as usual, owing to litigation and trouble over one of the leading veins. The Humboldt, Pocahontas, Virginia and Leviathan were the leading producers.

GILPIN COUNTY.

	<i>Tons Ore.</i>	<i>Gold Value.</i>
Twenty-four stamp mills	140,700	\$1,289,142 33
Gulch and creek mining		45,000 00
Boston and Colorado Works	5,500	779,894 76
Golden Smelting Works	800	90,000 00
Boulder Works, etc		4,000 00
Total	147,000	\$2,208,037 09

LAKE COUNTY.

Gold	\$ 55,000
Silver	423,930
Lead	76,400
Total	\$555,330

This product came from the following localities or works:

	<i>Tons Ore.</i>	<i>Coin Value.</i>
Silver-lead ores shipped	1,700	\$477,500
Ores smelted at Leadville	310	17,310
Silver-lead ores smelted in Alpine district	40	5,520
Gold dust from California Gulch		20,000
Gold dust from Cash Creek		30,000
Gold dust from other sources		5,000
Total	2,050	\$555,330

PARK COUNTY.

	<i>Tons Ore.</i>	<i>Coin Value.</i>
Ore sent to St. Louis, Omaha, etc	850	\$347,000 00
Ore sent to Golden	350	48,000 00
Alma works sent matte to Black Hawk	2,000	256,459 32
Silver bars from Dudley Works	400	20,000 00
Gold from placers and creeks and all other shipments		70,000 00
Total	3,640	\$733,459 32

SUMMIT COUNTY.

The yield of Placer Mines was as follows:

BLUE RIVER.

J. Bemrose, \$3,500; L. Gorham, \$800; A. McLeod, \$2,000; Fuller & Krom, \$10,000; H. Zingling, \$800; A. Stahl, \$1,000; J. E. Rankin, \$1,500; L. S. Ballou, \$18,000; R. Adams, \$1,500; Nolan & Kromer, \$3,500; G. Mumford, \$1,000; T. Clague, \$300; J. Izzard, \$4,600; D. Schriren, \$4,800; J. Bisly, \$450; McMahon, \$200.

GOLD RUN.

L. Peabody, \$8,500; S. Walker, \$3,500.

SWAN RIVER.

J. M. Riland, \$3,000; A. Delaney, \$500; D. Stogsdill, \$8,000; Fuller Placer Co., \$32,000; P. Iveson, \$1,500; North Swan miners, \$800.

FRENCH GULCH.

Stillson Patch, \$3,500; Badger Co., \$3,000; Calvin Clark, \$15,000; Ebert & Co., \$8,000.

TEN MILE.

Follett & Tucker, \$2,500; and miners of McNulty Gulch, \$7,500,

Total yield of Placer Gold for the county, \$150,000, in coin value.

SAN JUAN COUNTIES.

	<i>Tons Ore.</i>	<i>Tons Bullion.</i>	<i>Coin Value.</i>
Gold from Summit district, Rio Grande county	6,000	..	\$ 95,000 00
Gold from placers and veins elsewhere	..	..	10,000 00
Silver ore shipped from various districts	..	..	15,000 00
Silver bars, Van Gieson, Hinsdale county	400	..	35,000 00
<i>Silver-lead Bullion—</i>			
Crook's Smelters, Hinsdale county	1,500	300	54,415 24
Ocean Wave Smelter	250	120	24,057 28
Greene's Silverton Smelter, San Juan county	1,400	400	141,000 00
Smelter, Ouray county	30	..	3,000 00
Total	9,580	820	377,472 52

BOULDER.

County seat of Boulder County. One of the principal stations on the Colorado Central Railroad; terminus of the Denver & Boulder Valley Railroad, and also of the Golden, Boulder & Caribou Railroad. Western Union Telegraph Company. Money order, telegraph and post-office. Daily mail and express. Tri-weekly stages to Nederland, Caribou, Central City, Snnshine, Salina, Jamestown, Magnolia and Gold Hill. Population, 4,000.

Distances: Boulder to Denver, by wagon road 28 miles, by railroad 44 miles; Golden, 20; Erie, 12; Longmont, 14; Caribou, 22; Nederland, 18; Central City, 29; Ward, 19; Gold Hill, 10; Sunshine, 5; Salina, 6; Jamestown, 15; Magnolia, 7; Sugar Loaf, 10; Valmont, 4.

Mr. Brainard, proprietor of the new and elegant Brainard's Hotel, evidently knows "how to run a hotel" in the interests of his guests as well as for his own profit. The table is supplied with the best of everything; the rooms large and neat, and everything first-class. All the stages start from this house. Commercial travelers will find an elegant parlor fitted for their special use, where they can chat, smoke, be at ease, and show their goods. See advertisement.

The American, a new brick house, centrally located, is kept by M. A. Douthett, a good hotel manager. It enjoys a fair run of patronage,

National State Bank

OF BOULDER, COLORADO.

Successor to Buckingham Brothers. Established in April, 1874.

Authorized Capital, \$200,000. Paid-up Capital, \$50,000.

DIRECTORS.

The Colorado Springs Company

— HAS FOR SALE —

SEVERAL HUNDRED LOTS AND MANY ACRES OF LAND

In the prosperous and growing town of

COLORADO SPRINGS,

— AND AT —

MANITOU,

CLOSE TO THE CELEBRATED MINERAL SPRINGS.

— These are the most attractive places in Colorado, and offer the strongest inducements to seekers after pleasure and health. To all persons who think of settling in the State we would say, "Don't make a final settlement in Colorado before seeing Colorado Springs and Manitou."

ESPECIALLY
Applicable **FOR MINING** Purposes.

Sizes run from one-eighth ton to ten tons.

All Controlled Exclusively by
The Yale Lock Manufacturing Co.
STAMFORD, CONN.

FOR SALE BY THE HARDWARE TRADE.

UNION PACIFIC

FAST FREIGHT LINE.

The Union Pacific Railroad has arranged with the Chicago & Northwestern, the Chicago Rock Island & Pacific, and the Chicago, Burlington & Quincy Railroads upon the east, and the Colorado Central Railroad upon the west for the shipment of through freight without transfer from

CHICAGO

TO

DENVER, GOLDEN,

and other Colorado points.

These arrangements are such as to insure the

FASTEST POSSIBLE TIME,

And as the freight is *Billed Through* from Chicago to its destination, shippers are saved the annoyance caused by the errors that are liable to occur if the freight is re-billed by each road over which it passes, as is the custom of all rival lines.

Through Rates to and from New York, Boston, Philadelphia, Baltimore, Chicago, Cincinnati, St. Louis, Kansas City, and all points east of the Missouri River are guaranteed to be as low as by any other route.

Particular attention will be paid to

AVOIDING OVERCHARGES,

but any claims for overcharges that may accidentally occur, or for loss or damage, will be promptly and equitably adjusted.

This is many miles

THE SHORTEST ROUTE

to GOLDEN, BLACKHAWK, CENTRAL CITY, GEORGETOWN, and all mountain points.

To secure the *Quickest Time* and the *Lowest Rates*, mark and consign your freight,

Care **UNION PACIFIC RAILROAD, OMAHA.**

For through rates and full information regarding freight business, apply to the Company's agent in Denver, or to F. Knowland, Gen'l Ag't., 287 Broadway, New York City; I. S. Hodsdon, Agent, 60 Clark street, Chicago, or

E. P. VINING,

Gen'l. Freight Agt., U. P. R. R.

Omaha, Nebraska.

"THE MIRROR OF SAN JUAN."

Railroad Agent—H. H. Stebbins.

GOLDEN HOUSE,

THIRD STREET, ABOVE WASHINGTON AVE.,

GOLDEN, COL.

OLIVER S. BUELL, PROPRIETOR.

GOLDEN is situated on the Colorado Central Railroad, about 15 miles west of Denver, and is surrounded by the great variety of natural attractions peculiar to this portion of the Rocky Mountain Valley. The Golden House is pleasantly situated, has 44 rooms, and a first-class sample-room for traveling salesmen on the first floor. The rooms are furnished with first-class beds, and are kept neat and clean. The tables are bountifully supplied with careful selections from the best provisions that the market affords. It is the headquarters for tourists, traveling salesmen and the public generally, and is said to be the only really first-class hotel in the place. Omnibusses run to and from every railway train.

BACON'S AVENUE HOTEL,

GOLDEN, COLORADO.

BEST ACCOMMODATIONS FOR THE LEAST MONEY.

The business centre of Golden, Colorado. Table first-class. Good rooms and clean beds. NOTE—For reference, inquire of the business men of Golden, or of anybody that has ever stopped with us.

LAKE CITY.

Principal town in the San Juan Mining Country, county seat of Hinsdale County. Population, 3,000. Barlow & Sanderson's daily coaches to Del Norte and Alamosa; tri-weekly to Saguache and Cañon City; Grant & Johnson, semi-weekly to Ouray.

EDITORIAL NOTICE.

The firm of Abbott Brothers, Civil and Mining Engineers and United States Deputy Mineral Surveyors, is the oldest in Lake City, and its members are the only thoroughly educated Engineers in the San Juan Country. Using in their surveys only Solar Transits, made expressly for them by the best instrument makers of the country, they can safely guarantee freedom from those errors inseparable from surveys in which the ordinary Magnetic Needle is alone relied upon. They give especial attention to the business of obtaining Patents from the Government for all classes of mineral claims, in which they have had large experience and invariable success.

J. THURLOW,

Portrait and Landscape

PHOTOGRAPHER

Manitou, Colorado.
PHOTOGR

Having just completed a new Portrait Gallery, his facilities for making first-class work are now unsurpassed. Gallery always open, but Portraits made only on Thursday, Friday and Saturday of each week.

THURLOW'S UNRIVALLED COLORADO VIEWS

AT WHOLESALE OR RETAIL.

He makes a great mistake who goes home without a few dozen views of this most interesting part of Colorado, as they speak for themselves in far grander style and in vastly more graphic language than even a Bob Ingersoll could desire.

Views \$2 per Dozen, postpaid. Send for Catalogue.

Out-door Groups and Interiors made on short notice. A cordial invitation to all visiting Manitou.

COLORADO WOOL GROWERS.

COLORADO WOOL GROWERS' ASSOCIATION.—President—Joseph Kenyon. Vice-Presidents—Wm. Willard, Wm. N. Batchelder, Wm. Cole. Secretary—R. R. Wright. Treasurer—M. Glader.

WOOL PRODUCT FOR 1877.

In 1876 the Wool product was 3,000,000 pounds, while for 1877 it is estimated at 5,000,000. The clip will average 18 cents per pound, giving a total of \$900,000. According to the Evans Journal, the lower South Platte Valley contains at least 50,000 sheep, worth \$150,000, and which yield to the owners an income for wool alone of \$50,000 per annum.

THE KANSAS CITY STOCK YARDS

KANSAS CITY, KANSAS.

Are now by far the most commodious, and best appointed yards in the Missouri Valley, with unlimited capacity for feeding, weighing and shipping cattle, hogs, sheep, horses and mules. No yards are better watered, and in none is there a better system of drainage. Conveniently located as regards other markets, and the grass-grazing grounds of the West and Southwest. The trains on the Kansas Pacific—Atchison, Topeka & Santa Fe—Missouri River, Fort Scott & Gulf—Leavenworth, Lawrence & Galveston—Missouri Pacific—Hannibal & St. Joseph—Missouri, Kansas & Texas—Kansas City, St. Joseph & Council Bluffs, and the St. Louis, Kansas City & Northern Railroads *run into these yards*, giving easy access by quick and all rail routes to the great markets of the North and East, and to the great feeding grounds of Nebraska, Kansas, Missouri, Iowa and Illinois. Buyers from those markets are always in attendance during the season, and it is acknowledged by Eastern markets that comparatively **HIGHER PRICES** are realized here than in the markets East. All the roads from the West and the South run directly through the yards, thus affording the best accommodations possible for those coming from the great grazing grounds of Texas, Colorado, New Mexico and Kansas. The company have erected a large, modern, brick Exchange Building, including 24 offices for commission men, a barber shop, saloon and restaurant; offices of the First National and Mastin Banks. Parties wishing to improve their stock will find blooded stock here at all times. It is also proposed by live stock commission merchants to locate an extensive **MULE MARKET** here at the yards. The business of the yards is done systematically and with the utmost promptness, so that there is no delay and no clashing. In short, these yards are **DRY, ROOMY** and convenient in every sense of the word, and here cattle men have found, and will continue to find, that they get all their cattle are worth, with the least possible delay.

GEO. H. NETTLETON, L. V. MORSE, E. E. RICHARDSON,
Gen'l Manager. Superintendent. Asst. Treas. and Asst. Sec'y.

KANSAS CITY STOCK YARDS.

The attention of Colorado cattle dealers is called to the facilities for shippers which the Kansas City Stock Yards Co. offer. These are the largest and best appointed yards in the Missouri Valley; are well watered and drained, and have unlimited capacity for feeding, shipping, weighing, etc. All the railroads leading from Colorado and Kansas have tracks running into the yards. The drainage system has been very largely increased, making the yards the most thoroughly drained in the West. The macadamizing in the alleys has been thoroughly repaired and extended through the yards, thus permitting the moving of stock with equal facility in wet or dry weather. The company has increased its cattle, hog and sheep pens, and expects to have plenty of room for the large increase in business that is promised this year. The management are determined to do their utmost to meet the demands of the growing stock business in the West, and handle it to the entire satisfaction of their patrons.

W. H. KINGSBERY & CO., KANSAS CITY.

W. H. Kingsbery & Co. wish to inform the stock men of the "New West" that they are in the field for the stock trade of 1878, and that they can offer inducements for consignments of all kinds of live stock, in the way of close attention to business intrusted to them. There is no live stock man in the West who stands higher for reliability, energy and experience in the business, than Captain Kingsbery. Socially, he is pleasant and agreeable in his manners, while there is an open-heartedness about him which has made him many stalwart friends. The firm of Kingsbery & Co. is full of enterprise, and they have been and are issuing a daily Live Stock Market Report for the benefit of customers, which is mailed to them promptly, and which will be furnished to those who expect to do business with them, on application.

RIAL, COX & CO.

This firm is well known to Colorado cattle men, as being prompt, reliable and first-class in every respect. They have abundant facilities for doing business. Sam Rial is one of the oldest stock men in the trade in Kansas City, and is one of the most active. He is always posted, and knows how to get the top of the market every time.

COLORADO ENTERPRISE.

LEADING BUSINESS ESTABLISHMENTS.

BOSTON AND COLORADO SMELTING WORKS.

These works, the most successful of the kind anywhere in the United States, are presided over by Professor N. P. Hill, who began his public career as Professor of Chemistry in Brown University, in Providence, R. I. In 1865 he resigned his chair and came to Colorado, where he thoroughly tested the ores of Gilpin, Clear Creek and other mining districts, and even shipped ores to Swansea, in Wales, for treatment. The results were highly satisfactory. Professor Hill accompanied a second lot of ore to Swansea, where he himself went through a six months' course at the works in practical metallurgy. Having resolved to establish works at Black Hawk, Professor Hill and the Superintendent of the Swansea works went to Boston, and there organized the Boston and Colorado Smelting Company. They returned to Colorado and erected, in 1867, an experimental furnace, with a calcining attachment. This experiment, with eight or ten tons capacity per day, has now been increased to a capacity of twenty thousand tons per annum. The entire process has given to the world \$2,225,000 worth of silver and gold bullion. The bullion, chemically pure, is cast into bars of gold and silver, which are marketable in all home and foreign ports on the stamps of the Boston and Colorado Co. alone—as they are not thereafter required to pass through the New York Assay Office. They are shipped directly from the works to the Fourth National Bank, in New York. When required for use in foreign markets, that bank guarantees them to August Belmont, who ships them. No other bullion produced in the United States has this advantage—to go out into the world with only the stamps of the works on it. The Gorham Silver Manufacturing Co. buy largely of this bullion. The works employ 120 men, and are run like clock work. With the proposed new and enlarged plans at Denver, the working force will be considerably increased. Their principle is a cash basis, so that as soon as a man brings ore to the works, and it is tested, he can receive a cheque for the amount.

C. GOVE & SONS.

This is the largest and oldest established Sportsmens' Depot in Colorado, and has grown to very large proportions, having a big trade all over the State. They keep everything that a first-class city gun store can boast of. Their stock embraces all the latest and most improved makes of articles in their line, such as rifles, breech-loading, double guns, pistols, ammunition, cutlery, fishing tackle, field and spy glasses, pocket compasses, ornaments, etc. Among the principal improved arms kept in stock are Sharp's and Remington rifles, of various styles and calibers; Winchester, Maynards' and other breech-loading guns, and Remington breech-loading shot guns. They also keep in stock the most celebrated makes of English breech-loading double guns, among which are W. R. Pape's, W. & C. Scott & Sons', W. W. Greener's treble wedge fast choke bore shot guns, and the celebrated Fox gun, and other celebrated manufactures. They carry a full line of Colt's and Smith & Wesson pistols, and other makes of revolvers and pistols in great variety, hunting knives and scabbards, pocket cutlery, fishing rods, lines, flies, hooks etc. Fine work a specialty.

TENTS AND WAGON COVERS.

William L. Patten & Co., 352 Lawrence street, Denver, are large manufacturers of tents, wagon-covers, awnings, mining and outfitting goods. They have been established since January, 1876. Their business, in the way of manufacture, was \$10,000 worth in 1876, while in 1877 it jumped up to double that sum, and this year is more promising than ever. They are also agents for W. W. Barcus & Co., Chicago, manufacturers and dealers in rope, blocks, chains, etc. Those who have used Patten's tents and other goods have been well pleased, both with the price and the lasting quality of the materials.

FIRST NATIONAL BANK.

This is one of the oldest and most extensive banking houses in Colorado or any part of the New West. It has had a prosperous career from the start, with constantly enlarging resources. Hon. Jerome B. Chaffee, U. S. Senator from Colorado, is President; D. H. Moffat, Jr., Cashier, ably assisted by Geo. W. Kassler, Esq.

CITY NATIONAL BANK.

This bank is a sound and prosperous institution, and grows in favor with business men, as the increasing deposits and wider transactions show. J. S. Brown, a prominent merchant, is President. Its officers and Directors are of the most successful and best known citizens of Denver.

LEADING EASTERN HOUSES.

THE GREAT SILVER HOUSE OF AMERICA.

It has been well known throughout the country that Tiffany & Co. are the principal manufacturers of silverware in the United States, and we have known of several instances where parties in this section have sent their own native silver to be manufactured into artistic and useful articles of tableware. The watches of this house, made at their own works, have won a great reputation among all classes who require accurate time-pieces, and they are particularly well adapted for travelers and others who put watches to the severest test. We saw at the Centennial watches that mark with unvarying accuracy the fifth of a second; others that, by touching a spring, split a second hand, causing one part to stand fast and mark the instant at which a horse passes a given point, while the other part continues on to record the next marking place. A second touch brings the hand that had been stopped to the other, and it may then be split out again. At their vast store in Union Square they have the largest stock of watches ever shown together, varying in price from ten or fifteen dollars to as many hundreds. A visit to this immense establishment is like a visit to a grand museum of art and industry, and to gaze in their splendid cases of diamonds and other jewels, is like a glimpse of Aladdin's cave. Messrs. Tiffany long ago adopted the plan of marking every article in their establishment in plain figures, from which no deviation is made under any circumstances, and the patron of the house who sends an order from a thousand miles away, has every advantage that he could secure for himself in proper person.

THE DURHAM TOBACCO.

NEWARK, N. J., January 30, 1878.

Messrs. W. T. Blackwell & Co., Durham, N. C.:

DEAR SIRS—At the yearly meeting and second anniversary of the Twelfth Ward Smoking Club, No. 1, of Newark, N. J., held January 7, 1878, the following preamble and resolution were adopted:

IN CONSIDERATION of the fact that we have found the Durham tobacco, manufactured by you, superior to any other that we have tried, and as we have been smoking the same for the last two years with general satisfaction; therefore,

Resolved, That we have a miniature copy made of our club picture, and present the same to Messrs. W. T. Blackwell & Co., as an acknowledgment to your superior manufacture.

Hoping that you will accept the same, I remain yours,

I. BRANDENBURG, Secretary,

232 Ferry Street, Newark, N. J.

See advertisement, page 123.

FRASER, CHALMERS & CO.

We desire to direct attention to the advertisement of Fraser, Chalmers & Co., Chicago, Ill., facing the title page. This firm is so well and favorably known throughout the mining districts of the country, that anything we can add regarding the excellency of their manufacture, will only be a repetition of what is already known. Fraser, Chalmers & Co. make a specialty of manufacturing improved machinery for systematic treatment of gold and silver ores, by "concentration," "smelting," "amalgamation" and "leaching;" also, every class of machinery for crushing and dressing copper and lead ores. Their reference, to those desiring to contract for machinery, is to the owners and superintendents of the principal mills in Colorado and neighboring Territories, and their desire that their machinery shall be carefully examined and inspected, is proof of its quality, design and durability.

THE ONEIDA COMMUNITY.

The canned goods offered to the trade by this establishment are unequalled. Neither the California or any other of the numerous brands of canned fruits, vegetables and jellies are in our judgment quite equal to those of the Oneida Community.

YALE LOCK MANUFACTURING CO.

The factory of this company is situated at Stamford, Conn. The works are within a short distance of the railroad depot, and covering, as they do, more than an acre of ground, form a prominent feature of the place. They comprise a large main building, with several wings and additions, and within the past six months an extensive shop has been erected for the manufacture of the different pulley blocks and hoists. Work was commenced there in 1869, with a force of about thirty men, and since that time the business has steadily increased, until it now gives employment to from 125 to 150 hands. The product consists mainly of the celebrated Yale locks, which are made in some three hundred varieties of form, size and finish, so that there is no use to which they may not be applied. The company also manufactures the well known Yale lock-boxes for postoffices, which are in use in over 750 different offices in the United States. It makes a specialty of furnishing and equipping postoffices complete, supplying them with every appurtenance required by the postal service. It also is, in addition to these, extensively engaged in the manufacture of Weston's differential pulley and geared blocks, and Weston's safe hoisting machinery, the patents and manufactory of which the company has the entire control. These pullies are used by miners, quarrymen and well-sinkers, to raise, lower and suspend themselves, and to elevate their ore, rock or stone from the pit.

VERONA TOOL WORKS, PITTSBURGH.

The Verona Tool Works, of Pittsburgh, Metcalf, Paul & Co., proprietors, one of the leading establishments of the greatest of manufacturing cities, call attention in the DIRECTORY to their superior solid-eye solid steel picks, made in their own improved dies and machinery, and guaranteed to be the *best pick ever made*, at a price not much greater than a first-class iron pick, and FAR cheaper in the end. This firm have an extensive and growing trade throughout the West; and their goods sold in Colorado have proved all that has been claimed for them, and have a high reputation throughout the Far West as to durability and quality. Our miners, smiths and others requiring picks, tools, sledges, etc., would do well to send for circulars and price lists. They have got up new machinery for making their solid steel picks, which will improve the quality and reduce the price. See page 4.

CANNED GOODS.

The Portland Packing Company is the largest packing institution, not only in the country, but in the whole world, operating as they do twenty distinct and separate factories, and putting up in cans many tons of material annually. These factories are mostly situated on the coast of Nova Scotia, more particularly those in which lobsters are canned. Over 100,000 lobsters per day are thus disposed of. The company pack all descriptions of meats, fish, poultry, soups for use on shipboard, corn, etc. The principal articles, however, are lobsters and corn, the amount annually thus put up being over two million cans of lobsters, and of corn from two to two and a half millions, the other goods being very much less in volume. Of the quality of these articles it is unnecessary to speak, as only too well known, and the company has received no less than eight medals from different expositions, including those last held at Vienna and Philadelphia. Let the tourist go on a pilgrimage to Egypt, and perchance, while slowly pacing along the 700-foot base of the gigantic pyramid of Ghizeh, with eyes upturned towards its lofty altitude, he suddenly stumbles, looks down, and picks up an empty can, labeled "Star Brand Lobster, Portland Packing Company," thus forcibly bringing his mind back to home and less æsthetic subjects. Or let him ascend Mont Blanc, or even nearer home, the heights of the Rockies in the "Far West," and still he may be met with instances of this company's handiwork. See page 3.

ASSAYERS' GOODS.

Theodore Kalb, 600 S. Second Street, St. Louis, is the most extensive importer in the West of chemical apparatus and assayers' materials. Mr. Kalb received the first premium for glassware and assayers' materials at the St. Louis exhibition of 1877, and many Coloradans who were so fortunate as to see the collection speak of it with admiration. All in need of goods of the various classes kept in stock by Mr. Kalb would do well to write for his illustrated catalogue and price lists.

CHICAGO SHOT TOWER COMPANY.

The advertisement of this extensive and well-known establishment faces the Index of the DIRECTORY. Their goods have been in use throughout the West and New West for years; and owing to their superiority, have monopolized pretty much all the trade in that line, particularly in the new States and Territories.

THE BLAKE ORE CRUSHER.

This crusher is used with entire satisfaction in almost all of the Colorado mines and mills; among others, for example, the "Boston and Colorado Smelting Works," "The Animas Forks Mining Company," and "The Little Annie." The testimonials which it has received after these thorough trials would seem to have placed the "Blake" machine as the best of crushers now in use. In connection with the breaker run by power, the Blake Crusher Company have introduced a new patent hand-power machine, which is already extensively used, and found to be of great utility to manufacturing chemists, metallurgists, assayers, mining schools, concentration works, etc. As this new machine can be run by power as well as hand, being fixed to receive a belt, it can be made very effective in mining and manufacturing works, and in the smaller establishments for smelting the higher grade of ores. It can crush 400 to 600 pounds per hour. See advertisement on second page of cover.

THE BALTIMORE COPPER WORKS.

Attention is directed to this old and extensive establishment. The capacity of the entire works is 10,000,000 pounds refined copper per annum, and silver product in addition. Ores bearing silver and copper are successfully treated by them, and such material they buy in quantities, as offered, at full rates, delivered there. A through rate of freight from Denver to Baltimore can be obtained on very moderate terms. Delivery of ore at their works is covered by the through rate of freight, the cars going directly there. The seller has no expense to bear after delivery of ore. Messrs. Pope, Cole & Co. furnish labor, etc., to weigh and sample, upon which process the seller is desired to attend, either in person or by representative. Our mining companies would do well to make a note of this. See advertisement, page 4.

KANSAS CITY WHITE LEAD AND LINSEED OIL CO.

This house, the only extensive and well-established one of its kind west of St. Louis, offers great inducements to Colorado buyers. They manufacture the very best grades of linseed and castor oils, and can supply orders promptly. Send for price lists. Cattle men are using their linseed meal and cake for fattening stock, and find it a superior article.

THE CRESCENT STEEL WORKS.

These works, owned and operated by Messrs. Miller, Metcalf & Parkin, Pittsburg, Pa., make a specialty of the finest grades of steel. Their goods are known under the general classes of Crescent tool steel, standard cast steel, extra and special, which latter is the highest of cast steel made. They also produce largely of coil spring, for cars, and spring steel of the finest grades. These works have been run without a stop for years, and have lately been enlarged to meet the increasing demand for these goods. Its enterprising proprietors are worthy of, and know how to appreciate, the large custom they have secured.

CHOUTEAU, HARRISON & VALLE.

The Laclede Rolling Mills, St. Louis, Messrs. Chouteau, Harrison & Valle, Proprietors, have a large and increasing trade in Colorado, and are prepared at all times to furnish bar, plate, sheet and angle iron, railway supplies, etc. Mine superintendents, railway officials and others needing goods in this line would do well to communicate with this firm. See page 5.

RELIANCE WORKS, MILWAUKEE.

The firm of E. P. Allis & Co. is well known to Colorado purchasers of mining and milling machinery, and needs no introduction or guarantee. They have furnished a good deal of the best machinery ever brought into this State, especially in the line of portable engines, saw-mill and grist-mill machinery; and their work always gets high praise.

MINERS' SUPPLY COMPANY.

Daddow & Beadle's Miners' Safety Squibs have been used to a considerable extent by our mine owners, and are found to be all that is claimed for them—an effective and at the same time cheap explosive. They are kept in stock by C. A. Roberts & Co., Denver. Those who have not used them should give them a trial.

GUNS.

Dealers, sportsmen and others are requested to send for circular and price list of the gun establishment of James Bown & Son, Pittsburg, Pa. This is the oldest and largest house of the kind in the country, and is perfectly reliable. Their goods are of the very best make, and never fail to please.

THE PIONEER TOBACCO COMPANY.

This famous firm has secured a large trade in Colorado, and their "Matchless" Wood-Tag Plug Tobacco is all that is claimed for it—an article ahead of anything yet offered. Dealers should by all means order the "Matchless," as their customers who have used it will take no other.

A. T. STEWART & CO.

This great house, known the world over, offers to the Western trade at all times the largest, best and most fashionable goods. Their establishment in Chicago is the most complete in the West. Our dealers would do well to correspond with them. See page 8.

The National Tube-Works Company

THIS GREAT COMPANY manufactures butt and lap welded wrought iron pipe for steam, gas or water. They make pipes from 1-16 of an inch to 15 inches in diameter; wrought iron boiler tubes from 1 inch to 15 inches in diameter, and of any desirable thickness; hydraulic pipe of any size and thickness needed. They also make every kind of wrought iron tube or pipe for pumps, steam drums and columns for manufactories, mines, drains, etc. These pipes are not only perfect cylinders, but of homogenous material, and of a uniform strength and thickness. The company has taken all the first prizes, wherever there has been any competition, in Boston, New York, Cincinnati and Pittsburgh. California awarded the company a special gold medal. These goods have been used to a considerable extent in Colorado, and give uniform satisfaction. The demand from all parts of the New West has become so great that the company has established large works in Chicago—Kinzie, Michigan and St. Clair streets—and are prepared to supply all orders promptly. Those who feel desirous of obtaining any further information of this valuable manufacture, price of goods, etc., will address

Western Office National Tube Works Company,

Nos. 112-116 Lake Street, Chicago, Illinois.

TO THE EAST!

The Chicago and North-Western Railway

Embraces, under one management, the great Trunk Railway Lines of the **WEST** and **NORTHWEST**, and, with its numerous branches and connections, forms the shortest and quickest route between **CHICAGO** and all points in **ILLINOIS, WISCONSIN, NORTHERN MICHIGAN, MINNESOTA, IOWA, NEBRASKA, CALIFORNIA** and the **Western Territories**. Its

OMAHA AND CALIFORNIA LINE is the shortest and best route from all points in Northern Illinois, Iowa, Dakota, Nebraska, Wyoming, Utah, Colorado, Nevada, California, Oregon, China, Japan and Australia. Its

CHICAGO, MADISON AND ST. PAUL LINE is the short line for Northern Wisconsin and Minnesota, and for Madison, St. Paul, Minneapolis, Duluth, and all points in the Great Northwest. Its

WINONA AND ST. PETER LINE is the only route for Winona, Rochester, Owatonna, Mankato, St. Peter, New Ulm, and all points in Southern and Central Minnesota. Its

GREEN BAY AND MARQUETTE LINE is the only line for Janesville, Watertown, Fond du Lac, Oshkosh, Appleton, Green Bay, Escanaba, Neenah, Marquette, Houghton, Hancock and the Lake Superior Country. Its

FREEPORT AND DUBUQUE LINE is the only route for Elgin, Rockford, Freeport, and all points via Freeport. Its

CHICAGO AND MILWAUKEE LINE is the old Lake Shore Route, and is the only one passing through Evanston, Lake Forest, Highland Park, Waukegan, Racine, Kenosha to Milwaukee.

PULLMAN PALACE SLEEPING CARS are run on all through trains.

PULLMAN HOTEL CARS ARE RUN ON THE CALIFORNIA LINE OF THIS ROAD, AND BY NO OTHER ROAD WEST OF CHICAGO. THEY LEAVE CHICAGO DAILY AT 10:30 A. M., AND COUNCIL BLUFFS DAILY AT 5:30 P. M.

Interior of Pullman Hotel Car, run alone by the C. & N. W. R. W. West of Chicago.
